EDUCATION

Python Django/MERN Full Stack Developer, Corpus Data Hub   Oct '24 — Present
                                                                                                        Kozhikode

MSc. in Computer Science, Farook College   2013 — 2015
                                                                                                        Kozhikode

BSc. in Computer Science, MEA Sullamussalam Science College - Areacode   2010 — 2013
                                                                                                        Malappuram

Higher Secondary School in Computer Science, GMHSS Calicut University Campus   2008 — 2010
                                                                                                        Malappuram

PROJECTS

- Job Portal Web Application
- Developed using MongoDB, Express.js, React.js, and Node.js, enabling users to register, post jobs, and apply for positions.
- Implemented secure user authentication, dynamic job listings, and role-based dashboards for employers and job seekers.

- E-Commerce Web Application
- React for the frontend, with Node.js, Express, and MongoDB on the backend
- Developed and managed an e-commerce website that facilitates seamless online shopping experiences.

- MERN Stack CRUD Application
- Enables users to create, read, update, and delete data, providing a fully functional interface for data management and interaction.

- Project Tracking and Evaluation System
- Developed a full-stack web application for tracking project progress and evaluation.
- Technologies: HTML, CSS, JavaScript, Bootstrap, PHP, MySQL.

SKILLS

Web development   HTML5, CSS3, JavaScript, React, Node.js, Express.js, MongoDB, JSON, API, Git, GitHub, Bootstrap, Tailwind CSS, Python, Vercel, Render, MySQL

Others   Data Structures, Array, Stack, Queue, Linked List, Trees, Heaps, OOP, Software Engineering, PHP, JAVA, C++, Networking Basics, Relational DBMS
