

ALFIYA A

Python Full Stack Developer

8129788436 | alfiyazon@gmail.com | Kozhikode, Kerala | Open to Remote | Open to Hybrid | Open to On-Site | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Full Stack Developer with expertise in **Python (Django, FastAPI)** and the **MERN stack**, experienced in building scalable, production level applications including a School ERP (Xschools). Skilled in REST APIs, asynchronous processing (Celery, Redis), responsive UI, and cloud deployment (Vercel, Render). AI enthusiast interested in integrating intelligent features into real world applications.

EXPERIENCE

Python Django Developer Intern

Brandstrek Coders Private Limited

Dec '25 — Mar '26

HiLITE Business Park, Calicut

Developed scalable backend modules and REST APIs using **Django & DRF**.

- Built APIs for school management system.
- Implemented background and scheduled tasks using **Celery** with **Redis**.
- Containerized applications using **Docker** & Docker Compose.
- Implemented secure role based authentication (Admin, Teacher, Student, Parent, staff,admin etc).
- Optimized **PostgreSQL** queries for improved performance.

Python Backend Developer Intern

Cricanalyst Private Limited

Sep '25 — Nov '25

KINFRA Advanced Technology Park,Ramanattukara

Developed and optimized **FastAPI** backend architecture for cricket analytics systems, including **MySQL** integration, REST API design, and structured processing of cricket related datasets.

MERN Stack Developer Intern (Remote)

Gen Corpus Data Hub

Oct '25 — Jan '26

Kozhikode

Developed a live project **Smart City Service Feedback Portal** using the MERN stack, implementing core features, developing frontend and backend components, and improving overall application performance and usability.

Teacher (C++ and JAVA) /Office Assistant

Regional College Feroke

2018 — 2019

Kozhikode

EDUCATION

Python Django/MERN Full Stack Development, Corpus Data Hub

Oct '24 — Jun '25

Kozhikode

- Under National Council for Technology and Training (Govt. of India) - Reg.No : 53327

MSc. in Computer Science, Farook College

2013 — 2015

Kozhikode

BSc. in Computer Science, MEA Sullamussalam Science College - Areacode

2010 — 2013

Malappuram

PROJECTS

Employee Management System (Django)

- Built a web app to manage employee records with role based login and CRUD operations using Django.

Hospital Management System (Django)

- Developed a hospital management web app with patient registration, doctor scheduling, appointment booking, and an admin dashboard using Django.

Social Media Web Application (MERN Stack)

- A full featured MERN stack social media app with user authentication, posts, likes, comments, and profile management. Built with React (frontend) and Node.js, Express.js, MongoDB (backend).

Expense Tracker (MERN Stack + Tailwind CSS)

- Developed a full stack expense tracker (MERN) with JWT auth, category filtering, real time budget insights, and responsive UI using Tailwind CSS.

SKILLS

Technical Skills HTML5, CSS3, JavaScript, Python, MySQL, React, Node.js, Express.js, MongoDB, JSON, Git, Github, Bootstrap, Tailwind CSS, Vercel, Render, Django, RESTful API, Django REST framework, Razorpay Payment Gateway, FastAPI, Celery, Redis, Docker, Java, PHP, C++, Data Structures

Soft Skills Problem Solving, Team Collaboration, Time Management, Adaptability, Quick Learning
